

2021/2022 Membership Registration Form Instructions

- Download the Registration Form and save on your device with a new name, making sure your name is somewhere in the title. e.g. NoHCC-registration2021-22-LastName.pdf.
- Fill in the fields: place the cursor in a field and type in the information requested or click a box or circle to select it.
- If needed, use the "Reset Form" button at the top left to clear all fields and start again.
- Once the form is filled in, sign on the back page: select "Sign → Fill & Sign" from the top menu bar.
- Acrobat may now try to lead you through adding a captured signature from a file (which you may not have). Do NOT click "Next" and do not click in the signature field unless you have a signature file. Instead, click the pen icon with "Sign yourself" next to it at the top center of the screen. A drop-down list appears; click "Add Signature".
- A large signature box is shown in your screen with 3 icons at the top of the signature field. Here you may choose to type, draw, or insert an image of your signature (if you have one). Click "Draw" to sign by dragging your cursor.
- When done, click "Apply". Your signature now moves with your cursor. Click in the "Signed" field on the form; your signature is entered in the field. You may (a) move it by dragging its handles, (b) change the size with the "A" buttons, or (c) delete it and start again.
- SAVE the file and submit to northhavencameraclub@gmail.com
